

## ABOUT TIM SHEERMAN-CHASE

Tim is a local resident and has been an active campaigner in Fratton for the last few years. He is proud to be part of such a welcoming community. Tim works as a software contractor and Artificial Intelligence specialist, which requires detailed research and complex problem solving skills.

After seeing worrying signs of environmental and social breakdown, Tim decided to get involved in politics and local campaigns. His understanding of evidence-based policy, as seen through his work with #LetPompeyBreathe, is needed to ensure the Council works in the best interests of its residents.

## PORTSMOUTH CITY COUNCIL NEEDS A CHANGE

Portsmouth City Council is currently a minority Lib Dem administration, supported by Labour. Before 2018, we had four years of minority Conservative control. **But what real difference have we seen over the last 8 years?** Under both the Lib Dems and the Conservatives we have seen damaging cuts to bus routes, a road capacity upgrade scheme that increases pollution and cuts to public services such as the advice service *Off The Record*. In addition, there has been no serious action on air pollution in the city, which is now a public health emergency.

With both political parties failing to take action, **we need an independent voice on the Council** that can hold them to account and push for greater commitment to improve Portsmouth.

THE MOST LIKED PARTY

YouGov®

A new YouGov survey shows that the Greens are the most well-regarded political party, with 41% of people holding a favourable view - well ahead of Labour, Lib Dems and Conservatives.

The Green Party are the only party with more favourable than unfavourable views.

CLIMATE EMERGENCY

DECLARED BY PORTSMOUTH CITY COUNCIL

“Great News that Portsmouth City Council has declared a **climate emergency**. The target to be zero carbon by 2030 is very ambitious. We now need **strong measures** towards achieving it. This will also be a big change to people’s travel habits and will hopefully improve everyone’s health due to better air quality. Central government will have to take the issue seriously and provide funds for the radical change we need.”

YOU DECIDE

1. If you are looking for a change from ‘business as usual’, Tim can hold the council to account and ensure that they don’t become complacent.
2. Tim will not put party politics before the interests of the city.
3. Tim wil continue to press for reducing the number of premature deaths in the city caused by air pollution.

The answer is clear, a vote for Tim Sheerman-Chase is the only way to get a more independent voice on the Council.

# TIM SHEERMAN-CHASE : ACTIONS SPEAK LOUDER THAN WORDS

Tim is glad to see more opportunities for recycling, but he continues to put pressure on the council to provide additional and more accessible points.

Tim has reminded the council about the collection of small electrical items that need to be collected from flats.

Tim regularly checks the air quality monitoring in the local area.

Tim set up a petition to the local council about the very poor air quality in the area. This brought about a full council meeting to review this issue.

Tim has been out in all weathers (even in the snow!) talking to local residents about issues that concern them.

Delivering a regular Green View newsletter all the year.

Tim is concerned about anti-social behaviour and has made connections with the local police.

Tim is keen to make it easier and safer for residents to cycle.

Tim has been campaigning for years to reduce air pollution in Fratton.

Tim would work towards park and ride extension for match days transport.

Tim was a steward at the festival of lights in Fratton.

Tim encourages and supports community engagement.

Tim supported the Climate Emergency motion last month.

Listening to residents is a top priority for Tim.

Tim is encouraged by the Fratton road festival and hopes to bring about a greater community spirit in Fratton with more of the same.

**VOTE TIM SHEERMAN-CHASE FOR A HARDWORKING, STRONGER VOICE**
